***Response to Amendment***

1. Applicant's After Final amendment filed on September 10, 2007 has been entered. Claim 6 has been amended. No claim has been cancelled, or added. Claims 2-9 are still pending in this application, with claims 2 and 6 being independent.

***Allowable Subject Matter***

2. Claims 2-9 are allowed.
3. The following is an examiner's statement of reasons for allowance:

Applicant teaches a vehicle headlamp having at least one low beam light chamber including a discharge light source, at least one high beam light chamber, and an automatic control system including a vertical adjusting action member and a horizontal adjusting action member. The vertical adjusting action member being coupled for automatic concurrent vertical adjustment both light chambers; the horizontal adjusting action member being coupled for automatic horizontal adjustment of the low beam light chamber independently of the high beam light chamber during movement between the low beam light operation and the high beam operation of the automatic control system.

Applicant further teaches a method of adjusting a vehicle headlamp having low beam and a high beam chambers, both being concurrently adjusted vertically, but with the low beam chamber being horizontally adjusted independent of the high beam

chamber; the method of adjusting angling both light chamber vertically upward upon activation of a high beam operational mode.

4. No prior art was found teaching individually, or suggesting in combination, all of the features of the applicants' invention, specifically the vertical adjusting action member being coupled for automatic concurrent vertical adjustment both light chambers; the horizontal adjusting action member being coupled for automatic horizontal adjustment of the low beam light chamber independently of the high beam light chamber during movement between the low beam light operation and the high beam operation of the automatic control system; or a method of adjusting the claimed vehicle headlamp by angling both light chamber vertically upward upon activation of a high beam operational mode.

5. Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
